My Fire Plan

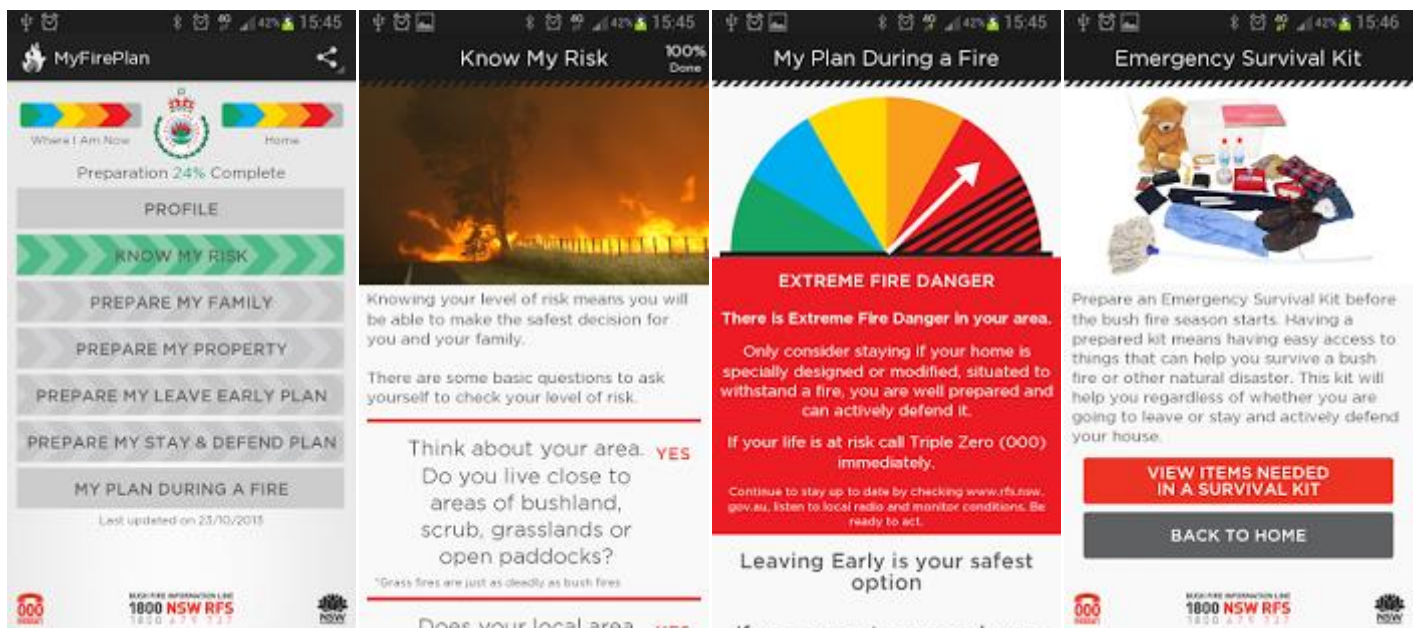

<https://play.google.com/store/apps/details?id=au.gov.nsw.rfs.myfireplan&hl=en>

Bush fires are a part of living in Australia. That's why you need to make a Bush Fire Survival Plan. MyFirePlan from the NSW RFS will help you prepare your home and family for bush fires.

Prepare yourself and your home for a bush fire in NSW by completing your Bush Fire Survival Plan now. Your Plan can help stop you from making rushed and dangerous decisions at the last moment and provides information on how to better prepare for bush fire.

This application will guide you through the steps necessary to prepare your Bush Fire Survival Plan.

The NSW Rural Fire Service encourages you to complete your plan with your family, so everyone knows what they will do if a fire starts.

Fires Near Me

<https://play.google.com/store/apps/details?id=au.gov.rfs.fnm.nsw&hl=en>

This is the official Android application of the NSW Rural Fire Service.

This application provides information on current incidents across NSW attended by the RFS and other agencies. It also provides information on total fire bans.

The application gives users the ability to source information on incidents near them, using the 'Fires Near Me' function.

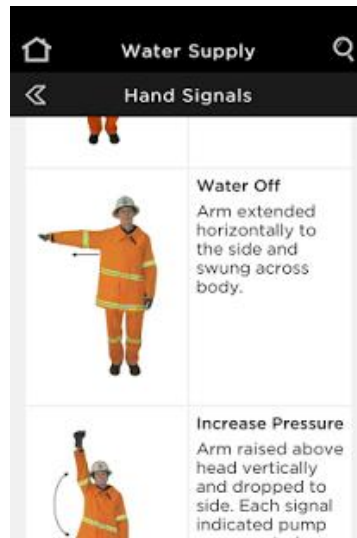

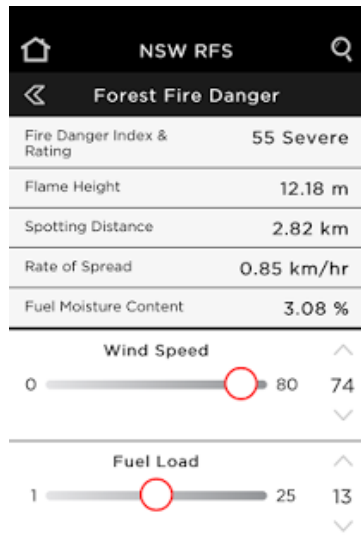

NSW RFS Firefighter Pocketbook

The NSW Rural Fire Service Firefighters' Pocketbook is designed as a fast, easy reference guide to key concepts for NSW RFS volunteer firefighters and staff.

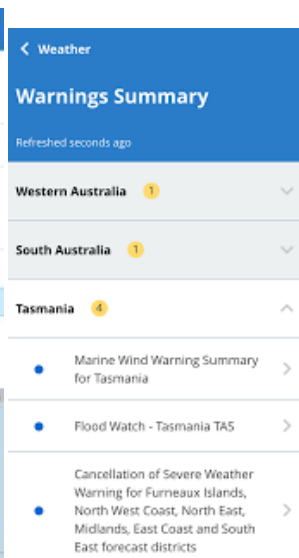

While some of the information contained is in summary form and uses "rules of thumb," it is sufficient to assist in making operational decisions or to use as a quick reference in operational planning, and training.

Included are online calculators for forest and grass fire predictions, and a converter to show your current position as latitude/longitude, map grid reference, and street directory reference. The app and its calculators can be used whether or not there is mobile network coverage.

BOM Weather

BOM Weather is the Bureau of Meteorology's weather app, giving you the most accurate weather information as you move around. BOM Weather gives you: Current conditions, Forecasts, Radar, Warnings & Locations

Emergency AUS

By GRIDSTONE

Australians face disasters every year. When your time comes, how will you stay informed? Emergency AUS delivers warning and incident information issued by official agencies across Australia. The 'must have' app for all Australians and visitors to help you get informed and stay up-to-date with emergencies that can impact you and your loved ones.

Providing you with real-time access to official warnings, incident reports and public Sensory Observations™ to aid in better decision making during emergencies and disasters. By bringing together emergency information from over 25 emergency service agencies and accessing observations submitted by the public, Emergency AUS delivers unparalleled emergency intelligence to residents, tourists and visitors.
